The Whiteface Lodge Introduces Second Annual Summer Share-Cation Weekly Rental Program

An innovative new summer program aimed to help families and groups of friends share vacation expenses.

The "Share-cation" program offers a seven-night weekly rate for its three- and four-bedroom suites, spacious and plush single and two-story guest suites that comfortably accommodate groups from eight to ten.

Guests who book this weekly rental program also receive additional value-added gratis activities, services and amenities.

Prices for the weekly rental program begin at \$6,950.00 for a three-bedroom, three-bathroom suite for eight guests (1,880 square-feet); \$7,450 for a Grand Lodge three-bedroom, three-bathroom suite that can accommodate eight to ten guests in a more spacious setting of 2,065 square-feet; and \$7,950 for the four-bedroom, four bathroom Presidential suite, which features an outdoor sleeping porch and is tailored to accommodate up to ten guests. (Prices do not include taxes and other surcharges). "Customize With Credits": The Whiteface Lodge's Savvy Yearlong Savings Program

Provides guests who book a Superior one-bedroom suite for one night with a \$50 credit; a two-night stay garners a \$150 credit; and a three-night stay secures a \$300 credit.

The program permits guests to apply their credits towards dining, beverages, spa treatments and/or ice cream treats in the property's onsite, old-fashioned Ice Cream Parlor. Guests may use their credits to enjoy water skiing or a motorized boat tour on Lake Placid, which offers breathtaking views of the Adirondack Mountains.

The price for a one-bedroom suite is \$375/night from April 1 - June 20, 2010. At various other points during the year, such as fall (September 7 - October 16, 2010) as well as peak winter season (November 24 - November 27), rates for a Superior one bedroom will be \$390 / night. During the summer peak period (June 21 - September 6, 2010), the nightly rate for a Superior one-bedroom suite is \$500. Additionally, a two-night minimum stay is required during summer.

The package will be available yearlong.

The per night room prices do not include taxes or surcharges. Additionally, the Resort credits cannot be applied towards the final bill. The value-added packages at The Whiteface Lodge craft a family getaway filled with relaxation and excitement for all to enjoy.
