## Sherman's Expert Review

The Whiteface Lodge is hard to beat for families. The all-suite timber-and-stone beauty has got everything, from an outdoor ice rink (usually open from October through April), an indoor/outdoor pool, game room with bowling alley and ice cream shop, tennis courts, a 56-seat movie theater, and spa. Large one- to three-bedroom suites feature Adirondack wood furnishings, full kitchens with granite countertops and stainless steel appliances, cedar balconies, cast-iron fireplaces, radiant-heat flooring, and bathrooms with jetted tubs and separate showers (in most). Though not on the lake, the resort provides shuttle service to a private section of lakefront, complete with loungers, towels, kayaks, and paddleboats during the warmer weather months.
