The Whiteface Lodge was designed with the grandeur of the [old time camps](#) in mind, but with the luxury amenities of a modern resort and club. And the hotel really does live up to expectations. The lodge offers an impressive array of activities ranging from hiking and skiing on [Whiteface Mountain](#) to relaxing at the spa. Kids can romp around at Kamp Kanu, a complimentary day camp for kids, while parents spend some much-needed time together exploring the lake or getting facials. With all the activities, it feels like the staff at Whiteface Lodge thinks of everything and takes pride in where they work. They take pride in the lodge's décor, which is warm and inviting, and make sure everyone is taken care of. The breakfast buffet in the morning is delicious and the staff comes around regularly to make sure everything is restocked. The rooms are well taken care of and comfortable, but the staff is not intrusive. If you need anything, just ask and anyone is happy to take care of any request you may have.
